

PRODUCT SUMMARY

Ref.	Product Description
TXY651025	Liocan, Foldable Canine Intraocular Lens, 10.25 mm
TXY651125	Liocan, Foldable Canine Intraocular Lens, 11.25 mm
TXY651225	Liocan, Foldable Canine Intraocular Lens, 12.25 mm
TXY651325	Liocan, Foldable Canine Intraocular Lens, 13.25 mm
TXY651425	Liocan, Foldable Canine Intraocular Lens, 14.25 mm
TXY651525	Liocan, Foldable Canine Intraocular Lens, 15.25 mm
TXH6013PL	AialaVet, Pre-Loaded Canine Intraocular Lens, 13 mm
P651400	Liocan PMMA, Rigid Canine Intraocular Lens, 14 mm
P701600	Liocan PMMA, Rigid Canine Intraocular Lens, 16 mm
CAT701200	LioFeline, Foldable Feline Intraocular Lens, 12 mm
CAT701300	LioFeline, Foldable Feline Intraocular Lens, 13 mm
CAT701400	LioFeline, Foldable Feline Intraocular Lens, 14 mm
ACV001002	Anican, Veterinary Capsular Tension Ring, 10 mm
ACV001102	Anican, Veterinary Capsular Tension Ring, 11 mm
ACV001202	Anican, Veterinary Capsular Tension Ring, 12 mm
ACV001302	Anican, Veterinary Capsular Tension Ring, 13 mm
ACV001402	Anican, Veterinary Capsular Tension Ring, 14 mm
ACV001502	Anican, Veterinary Capsular Tension Ring, 15 mm
ACV001602	Anican, Veterinary Capsular Tension Ring, 16 mm
VV14	Viscovet, Veterinary Viscoelastic Solution, NaHA 1.4% (5/Case)
VV20	Viscovet, Veterinary Viscoelastic Solution, NaHA 2% (5/Case)
VV30	Viscovet, Veterinary Viscoelastic Solution, NaHA 3% (5/Case)
VVCELL	Cellvet, Veterinary Viscoelastic Solution, HPMC 2% (5/Case)
S5000VET	Siobalvet, Veterinary Silicone Oil, 5000 cSt
BLUEVET	BlueVet, Veterinary Trypan Blue Solution

ABOUT US

Certified Facilities

We assure high quality products by manufacturing them with the latest technology in our ISO 13485 certified facilities that have detailed medical device inspections

Research & Development Capabilities

We work closely with recognized ophthalmologists, universities and technological centers to develop ideas and manufacture innovative products to support medical professionals to improve their patients vision worldwide

Worldwide Distribution

We began in 1992 and today, with two locations, in Europe and USA, our devices can be found in over 70 countries. We are focused on our customer needs and value open communication

HIGH QUALITY OPHTHALMIC
DEVICES FROM A
CERTIFIED MANUFACTURER

LIOCAN, FOLDABLE CANINE INTRAOCULAR LENSES

Material	Hydrophilic Acrylic (UV)	
Optic Diameter	6.5 mm	
Optic Design	Biconvex	
Diopters	+41 D	
Sterilization Method	Autoclave	
Overall Diameters & References	10.25 mm	TXY651025
	11.25 mm	TXY651125
	12.25 mm	TXY651225*
	13.25 mm	TXY651325*
	14.25 mm	TXY651425
	15.25 mm	TXY651525

* MOST POPULAR

Package Supplied single and sterile, immersed in high purified water
A single use injector set is provided with each intraocular lens

AIALAVET, PRELOADED CANINE INTRAOCULAR LENSES

Material	Hydrophobic Acrylic (UV)	
Optic Diameter	6.0 mm	
Optic Design	Biconvex	
Diopters	+41 D	
Sterilization Method	Ethylene Oxide (EtO)	
Diameter & Ref.	13.00 mm	TXH6013PL

Package Supplied single and sterile, preloaded in a disposable injector

LIOCAN PMMA, RIGID CANINE INTRAOCULAR LENSES

Material	PMMA (UV)		
Optic Design	Biconvex		
Diopters	+41 D		
Sterilization Method	Ethylene Oxide (EtO)		
Optic, Length & Ref.	6.5 mm	14 mm	P651400
	7.0 mm	16 mm	P701600

Package Supplied single and sterile

LIOFELINE, FOLDABLE FELINE INTRAOCULAR LENSES

Material	Hydrophilic Acrylic (UV)	
Optic Diameter	7.0 mm	
Optic Design	Biconvex	
Diopters	+53.5 D	
Sterilization Method	Autoclave	
Overall Diameters & References	12.00 mm	CAT-701200
	13.00 mm	CAT-701300*
